1. Our islands are being colonised by Africans and Muslims, and we are being replaced.

2. In a few years time the British people will be outnumbered and overwhelmed in their own homeland by Africans and Muslims. The British people will then be ruled by Africans and Muslims and subjected to **a hell of vicious and violent Anti-White Hate, White Replacement and Non-White Privilege**.

3. This invasion by Africans and Muslims is a key aspect of an International Agenda being deliberately imposed on British people by the British Ruling Elite, who are controlled by the international SuperRich by bribery, blackmail and intimidation.

4. The reforms of the **Principles of National Coherence** under "The Counter Revolution" will stop the invasion and repair the damage. They are the only way for the British people to avoid being ruled by Africans and Muslims— **THERE IS NO ALTERNATIVE**.

5. But the House of Commons will not pass these reforms—however many elections are held—because all MPs are controlled by the corrupt Political Party System, and the British Ruling Elite and SuperRich control the Political Party System and the Uniparty.

6. The monopoly of the British Ruling Elite with their Uniparty and their all-important control of corrupt Broadcasting is too powerful and too skilled to allow truly independent new political parties to gain real power, so the International Agenda cannot be stopped.

7. **There must be a totally new strategy.**

8. Control of the House of Commons must be taken away from the corrupt and controlled British Ruling Elite and given directly to British Citizens as constituents. This is Direct Democracy.

9. There must be a New Parliamentary System.

10. **New Parliamentary System.** There will be a New Parliamentary System which will have the following features. (1) The corrupt Political Party System will be abolished. (2) All the present MPs (of all parties) will be removed and replaced. (3) All MPs in the future will be independents. (4) The Reformed Electoral Provisions will apply to every Parliamentary candidate, and the Provisions Relating to the Conduct of Elected Persons will apply to every MP. (5) **All MPs will have binding contractual duties to their constituents**, and if any MPs break their contractual duties to their constituents, those constituents can legally remove them. Constituents would then be able to insist that their MPs always comply with their election promises. Control over the House of Commons would then pass from the corrupt British Ruling Elite to individual British Citizens as constituents. The power of the SuperRich would be broken. The effect of these constitutional reforms would be more significant than any since the Civil War in the 17th century.

11. For sixty years the British Ruling Elite have arrogantly ignored the wishes of constituents and have directly caused the present catastrophe. Now constituents would have the power to directly choose their MPs and to decide and enforce the policies they want. Patriotic nationalists could be appointed to the House of Commons. The power of the British Ruling Elite and the SuperRich would be broken. This would be an historic moment, whereby **this filth would be finally removed from power.**

12. However, the British Ruling Elite will never agree to a General Election under the New Parliamentary System, so there must be a Resistance Movement to bring this about.

13. British Citizens must now form a **Resistance Movement of massive non-violent civil disobedience** (as exemplified by Gandhi and Martin Luther King Jr) to demand an immediate General Election under the New Parliamentary System, under which the corrupt Political Party System is abolished and **all MPs are independents contractually bound to their constituents**—so the necessary reforms can be put in place without delay. British Citizens are entitled to act outside the existing corrupt political system, as the Crown, Government and Parliament are in breach of the Social Contract and so have ceased to have any right to exist or exercise power.

    - **Direct Action.** There must therefore be a mass march on London by over 3 million people demanding a General Election under the New Parliamentary System. Until this demand is met they will occupy and hold indefinitely Downing Street, the Houses of Parliament, main Government Departments and all media broadcasting outlets.

14. The **Principles of National Coherence** must be enacted by the New Parliament as soon as possible.

15. **WE WILL NOT GO INTO SLAVERY PEACEABLY**.

16. Vivat Britannia.
