

The Road to Slavery

5. Britain is dying.
6. British civilisation is being deliberately destroyed under the Plan.
7. The **Plan** is a campaign to establish total control over all human beings. The aim is form a world-wide totalitarian dictatorship whereby the dictatorship has complete control over all global energy, all global resources and all global property, and whereby it enslaves every human being in the world in all their activities, emotions and thoughts. The Plan is implemented by the complete extinction of the present civilisation, the annihilation of all individual self-determination and the destruction of all human relationships—and particularly by causing deliberate degeneration of individuals and society, causing economic collapse, causing collapse of the financial system and causing disruption and reduction of food supplies and energy supplies (the "Process of Destruction"). The Plan is a long-standing process of deliberate and organised evil which is unprecedented in the known history of humanity.
8. Under the Plan, Global Tyranny (the "Great Reset") is to be imposed in place of the present civilisation. Global Tyranny is the imposition of international, centralised, digital control systems run by AI algorithms on every human being on the Planet; this is the "Infrastructure of Slavery".
9. The master-mind and driving force behind the Plan is a predatory and parasitic international grouping that has infested humanity for very many years. The Counter Revolution refers to this international grouping as the "Dark Force".
10. The Plan is very near to completion.
11. The British Constitution has irretrievably broken down. The Government have betrayed the British people by directly collaborating with the international grouping in the imposition of the Plan on the British people. The Social Contract has accordingly been broken and the Government have ceased to have legal authority.
12. As the Social Contract has been broken and the laws which the British Ruling Elite are using to force the British people into slavery are not divine laws but man-made laws, the British people are not required to obey them.
13. No reform is possible through the existing political parties run by the British Ruling Elite as they and the media are controlled by the Dark Force. Any real opposition is prevented. All conventional opposition still tries to operate by way of new political parties within the existing constitutional system—but trying to build up a new political party is now quite pointless, as the existing constitutional and electoral system is completely corrupt and prevents new parties from being elected.
14. If nothing is done to stop the current process, Global Tyranny, the CBDC and the Infrastructure of Slavery will be imposed on the people of Britain and will turn their lives into hell. **WE DO NOT HAVE TO ACCEPT IT.**

PROGRAMME OF NATIONAL REFORM:

15. The Counter Revolution is an encyclopaedic reference manual setting out a **Programme of National Reform**.
16. The **Programme of National Reform** set out in The Counter Revolution is a blueprint of detailed proposals to create a new society. It sets out specific constitutional, political, electoral, legal, monetary, media, educational and social reforms based on the Universal Spiritual Laws, which will stop the Plan and rebuild British civilisation. It fundamentally and permanently transfers power from the corrupt and toxic British Ruling Elite (who have fatally misused power) to the individual British Citizen. It repairs the damage caused by the Process of Destruction, installs a New Parliamentary System and a Sovereign Monetary System, empowers the individual and prevents the imposition of Global Tyranny, the Infrastructure of Slavery and the dictatorship.
17. There must be a new start in society, and so there must be a reassertion of the Universal Spiritual Laws. The **Programme of National Reform** provides that these spiritual principles are built into the legal and political systems to give spiritual meaning and purpose to human existence. The two must now go together.

WE WILL NOT GO INTO SLAVERY PEACEABLY.

18. We will not be slaves, we would rather die. The future of humanity is at stake. We do not agree to submit to slavery to comply with a corrupt Constitution or a corrupt ruling elite or a corrupt legal system. If the British Government (or ruling elite) try to impose Global Tyranny on us, then they will be resisted with every power at our disposal to prevent that happening.
19. It is highly unlikely that the British Ruling Elite will agree (or be allowed by their controllers to agree) to any reforms at all. So, to avoid being enslaved by the Global Tyranny, the CBDC and the Infrastructure of Slavery, the British people will be forced into taking direct action against the illegal British Government by means of **massive civil disobedience** (as in the case of Gandhi and Martin Luther King Jr)—demanding an immediate General Election under the **New Parliamentary System**, where the existing Political Party system is abolished and a new and reformed House of Commons of independent MPs is elected on Direct Democracy who owe direct contractual duties to their constituents.
